This 970 sq ft Bi-level was built in 2012. The home features 3 bedrooms, 1 bathroom, an open concept main floor and an oversized double detached garage. The main floor features a modern kitchen with white cabinets, a 2 tiered centre island, black appliances and a cozy pantry. The large living room has space for your entire home entertainment set up. Down the hall there are 3 good sized bedrooms and a 4pc bathroom with a Jack and Jill door into the primary bedroom. The basement is unfinished but has large windows, a rough in for a 2nd bathroom and a great potential layout for a basement suite. There is a sunken back entry door to the basement giving perfect separate entrance access to the basement. In the back yard you will find a raised deck, and a large gravel driveway and parking area.
